I use this a lot when I teach my two year old Sunday school children. It keeps them moving and happy.

I have used so many fingerplays and other ideas out of this book from the moment I received it. I work with preschoolers in a bible study program. This book has been very helpful with transitional activities. The kids really love the action fingerplays.

We use many of the finger play activities in the one-year-old and two-year-old departments of our children's program. Very engaging for the kids and lots of different topics to choose from. Easy to pair with tangible objects for fun circle time activities with the kids.
