California Police Officer Exam Study Guide: California POST (Post Entry-Level Law Enforcement Test Battery) Test Prep And Practice Test Questions For The PELLET-B

Synopsis

Think all California police officer study guides are the same? Think again! With easy to understand lessons and practice test questions designed to maximize your score, you'll be ready. You don't want to waste time - and money! - retaking an exam. You want to accelerate your education, not miss opportunities for starting your future career! Every year, thousands of people think that they are ready for the POST Exam Review for the California POST Entry-Level Law Enforcement Test Battery but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the PELLETB exam...and they get a variety of results. Trivium Test Prep's California Post Exam study guide provides the information, secrets, and confidence needed to get you the score you need - the first time around. Losing points on the POST exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our California Post Exam study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and have fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; two full-length practice exams are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package.

Customer Reviews

Great book, much harder than the actual exam (as others here mentioned). Using this book, I was able to get a t-score of mid-60's while taking the test in a room full of college grads. -1 star because it provides no scoring rubric. I found that I averaged around a 70% traditional score on the practice tests, which put me in the t-score range of 60's.

This did help a bit in preparation for the PELLET-B. More because it prepared me for the types of questions that I might see, not so much the other content.

As other individuals have mentioned this book is a great tool. Some of the other practice books make their questions super easy and do not really help because they don't compare to real thing. This book has good practice tests that I would say is similar if not a little harder than the real one. I feel that having harder questions will make it easier for when you take the real test.

This study guide was very helpful. I passed the exam, 1st time. This guide truly prepared me for the palletb test, it covers almost everything you need to know to feel confident/prepared. Nothing worse than walking into something you are not prepared for. Buy it! It's worth it!

I bought this for my youngest and hope it helps him with his entrance exams.

Good book, I passed my exam first shot, ã Â Â'Â•

When they say "no frills" they really mean it. Book gets straight to the point and is very simple. Would like additional practice tests and/or more sections of testing.

Exactly what I was looking for and helping me every step of the way!
