10 DIY Easy Glycerin Soap Recipes: Make Your Own Homemade Melt And Pour Basic Glycerin Soaps From Natural Ingredients With Very Easy Simple Steps

Synopsis

The easiest ways to make soap is melt and pour process. This process requires only a few materials and some simple steps and suitable for the beginner soap makers even kids can do, as long as supervised by a responsible adult. Glycerin soap is very moisturizing and good for the skin. That's why many people prefer making their own homemade melt and pour process soaps because of the skin beneficial properties, easy to make and money saving, by the way, it's a fun hobby to get good soaps for the household, to make gifts for family and friends and an opportunity to develop to be a good business one in the future as well.

Customer Reviews

Although there are what seem to be some cool recipes to try with pre-bought melt and pour base, this book is missing the one recipe that it is based on. This book would be good for someone who knows how to make the base glycerin or who purchase it. I purchased this book to learn how to make my own base glycerin. I felt the title was a bit misleading in implied suggestion of "making your own" when I'm actually adding to store bought melt&pour. Perhaps the name should mention

that the diy portion is in additives and not a true diy by adding melt&pour to the name.

doesn't give a lot of info on making from scratch, more on making from glycerine soap starter from craft store

Nice idea, but the book reads as if it was translated to English from a foreign language, and if you added that much food and additives to such a small amount of soap, you would have a gloppy mess instead of a nice bar of soap. And it would be very scratchy. And plant additives in glycerin soap turn brown very quickly so it would be ugly. But they are nice ideas, if they were added more in moderation.

I would like this book in paperback.

Nice. Really helped.

Love all the ideas and recipes.

Very helpful. Told me exactly what I needed to know.

Does not give good instructions. Great if your looking for Fruit infusions. Save your money if you are a beginner
