Customer Reviews

I am really enjoying this music book. As an adult beginning pianist at about Level 2, I need many different materials to practice sight reading. I remember these songs from when I was in the 5th grade and sang them in public school music class. The "easy piano" (simple key signature) style allows me to play every one of these songs without difficulty. I can embellish with additional notes if needed. I recommend this book.

Great book for a great show. Quick delivery...as really wanted to play this music.
