My grandsons and I love these songs. Sound doctrine and wonderful tunes. I wake up with them in my head.

I'm a huge fan of the Gettys as they are definitely producing the great hymns of our day. The content of the hymns in this book are really great, so that's not the reason for the low rating. There is nothing in this book that sets it apart as a kids hymnal. This seems to be thrown together as a new product without much thought to how it could have been better tailored for children and families to use in family worship. I have most of the Getty's hymns in PDF, so this will be a give away to someone who might not be as exposed to their excellent songs.
