Caddie Woodlawn

Synopsis

Caddie Woodlawn is a real adventurer. She'd rather hunt than sew and plow than bake, and tries to beat her brother's dares every chance she gets. Caddie is friends with Indians, who scare most of the neighbors -- neighbors who, like her mother and sisters, don't understand her at all. Caddie is brave, and her story is special because it's based on the life and memories of Carol Ryrie Brink's grandmother, the real Caddie Woodlawn. Her spirit and sense of fun have made this book a classic that readers have taken to their hearts for more than seventy years.

Grade Level: 3 - 7

Customer Reviews

At age 11, Caddie Woodlawn is the despair of her mother and the pride of her father: a clock-fixing tomboy running wild in the woods of Wisconsin. In 1864, this is a bit much for her Boston-bred mother to bear, but Caddie and her brothers are happy with the status quo. Written in 1935 about Carol Ryrie Brink's grandmother's childhood, the adventures of Caddie and her brothers are still exciting over 60 years later. With each chapter comes another ever-more exciting adventure: a midnight gallop on her horse across a frozen river to warn her American Indian friends of the white men's plan to attack; a prairie fire approaching the school house; and a letter from England that may change the family's life forever. This Newbery Medal-winning book bursts at the seams with Caddie's irrepressible spirit. In spite of her mother's misgivings, Caddie is a perfect role model for

any girl--or boy, for that matter. She's big-hearted, she's brave, and she's mechanically inclined!
(Ages 9 to 12) --This text refers to the Hardcover edition.

"You take "Little House on the Prairie;" I'll take "Caddie Woodlawn."" -- Jim Trelease, author of "The Read-Aloud Handbook"

Wonderful book to read aloud to your kids, especially girls although my son enjoyed this as well since there are many adventures. But the book is especially empowering and encouraging for little girls.

This is a classic story about a girl growing up on the frontier. Although there are differences between Caddie's family and lifestyle and those of Laura Ingalls in the Little House books, readers who enjoy the Little House books will also enjoy reading about Caddie..

Book was for a family person. She love it.

My daughter loves this book! She thinks Caddie is very funny, and loved the adventures she goes on.

My grandkids were pleased.

Excellent book. It makes you feel like you are in the book with them. Very recommended book.

This is a beloved book from my childhood; I read it numerous times from about ages 8 to 10 and always loved it. I introduced it to my own daughter when she was in second grade. (She checked it out from the library at school so often that they told her she could no longer check it out!!) I then purchased her her own copy, which she has read--and loved--many, many times. I wanted to revisit these wonderful characters again this winter--and I loved it once more. It is a timeless book, and one you will cherish.

Favorite book from when I was a 9 year old in the fourth grade. Purchased this for my grands. So glad it was available.
