Great little pocket guide to help amateur collectors like myself distinguish between what's hot and what's not. Very easy to read and understand and a great addition to your weekend flea market/antique shop/estate sale runs.

This will come in handy when I go to various events looking for Hot Wheels

Good book to learn about the cars and to have an idea of their respective values.

Was hoping it would give more info but there is still quite a bit of info in here as to what to look for.
