Customer Reviews

"The projects are at the heart of the book, and Sharpe's energetic color choices are the uniting factor. Those open to free-form stitching will appreciate the freedom inherent in the improvisational techniques presented. While art quilters are the most likely audience for Sharpe's ideas, stitchers and mixed-media artists who incorporate fabric into their work may find this compilation inspiring." --Library Journal "If you are as inspired by typography as we are, Joanne Sharpe needs to be on your radar. Fanciful, fresh, fun, and encouraging are the words that come to mind when looking at her new book." --Generation Q Magazine

A great book illustrating how to sew whimsical word character stitching and incorporate those techniques into fabric art. A great addition to my fabric art library.

I am using the book to generate ideas for stitching projects. I am interested in creative projects that are not based on patterns designed by someone else

Will inspire you to create!

Looks like fun ways to incorporate stitching into your projects.

Truly whimsical - lots of fun colorful projects inside. I took a workshop from Joanne a few weeks ago and ordered the book before the class.

I love this book and the ideas it has. I just wish I had more time to do all that I would like to do.

Really nice book, I enjoyed looking at it. A real creative book that gets your creative juices flowing.

This book is "SEW" fun!!! Love all the inspiration and projects! Well worth the price!
