Local Government Law (Hornbooks)

Synopsis

This new edition continues the emphasis of prior editions on such topics as the relationship of local governments to state and federal governments; the needs of local governments for territory, for personnel, and for adequate financing; and the principal activities and possible liabilities of local government. There is increased attention to land use control, an area of growing activity on the part of institutions, ranging from the U.S. Supreme Court to local zoning boards. This includes material not found in some books in this field, on such important concepts as smart growth, new urbanism, and regulatory takings.

Book Information

Series: Hornbooks

Hardcover: 911 pages

Publisher: West Academic Publishing; 4 edition (October 16, 2015)

Language: English

ISBN-10: 1628101210
