Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Have been purchasing Passantino brand manuscript papers for my personal use as well as for that of my students for several decades. While I prefer 12-stave, for teaching purposes I find 10-stave to be more "student-friendly". It's becoming more difficult to find publishers still offering quality 10-stave m/s paper, much less in this handy spiral bound book form. Paper is of good quality. Colour is bright white. I prefer more of a cream-colour, but this is perfectly serviceable for student usage. Reasonably priced. Recommended. Will continue to purchase this product. Thanks for reading, -CC, Prime Member-Reviewer

Great for studio use. Too many retailers only sell 12-stave. My students need more space between staves. Great book at a great price.

I have this book from 20 years ago and just bought some more. Meh, it's okay. It's probably better than other Hal Leonard paper, but its only advantage might just be size (9x12). The paper is at least half the thickness, if not 1/3, it used to be (same for the cover), and the spiral binding and paper quality is cheaper. But hey, it's only \$1.50 more than it was 20 years ago. I guess that's what happens when a big corp buys you out; cheapen it and raise the price, but I'd rather pay \$10 or \$12 today for the same quality, though.

It had more pages than I was expecting, which was great! (64pgs) However, I wish they showed the cover in the picture, because it is horrendously ugly. It doesn't matter too much, as I will only be needing the staff paper, but I wasn't very happy with it. The cover is orange with green dots all over it.

The paper and cover are not flimsy. The notebook size is larger, like sheet music pages. Plenty of room to write.

my preferred staff paper

Excellent product!

Perfect just what my daughter's professor required.. Very hard to find. We went to 4 music stores.
