Customer Reviews

I honestly expected a bit more. We'll see how well the tips work for me.

When an author truly feels passionate about a subject it comes through in his or her writing. The author here has clearly embraced the food and the culture in a way that makes you hungry to try every recipe. The recipes in this book are spelled out in a foolproof way. You'll be making arepas

that impress your guests the first time you try.

What a beautiful book. Timothy Allard makes it seem so do-able. I haven't yet tried to make my own Arepa but I have purchased all of the ingredients.
