Hobbies > Radio Operation #297 in Books > Engineering & Transportation > Engineering >

Telecommunications & Sensors > Radio

Customer Reviews

Book is good but needs a proofreader. One area that is confusing is when telling about controls when plane is coming toward you it appears to be saying two different things for the same maneuver. Other than that the book seems to be very useful.

a good book
bfnffbdnsndncnc chins did. did. find. d font g yt? remember tnfgn sorry had to have enough words

I think this was a well done RC guide for beginners. Please get back on it and edit your misspelled words and grammar please.
