The Soul System Of Tarot: How Combining Tarot, Astrology And Numerology Can Help You Discover Your True Purpose!

Synopsis

The Soul System of Tarot is a no-nonsense book aimed at those looking to take life by the horns and make some serious progress in their spiritual life. This text will jumpstart the listener's spiritual quest, as well as their understanding of the hermetic arts (no matter where they find themselves in life currently). Given societal uncertainty, the wisdom of the hermetic arts have never been more needed in the world. Combining Tarot, Astrology, and Numerology in ways never before presented, The Soul System of Tarot offers a way to take the heavy lifting out of tapping into your intuition. It presents a path to self-understanding by decoding what your birthday says about your highest-potential vocation in this life, while also detailing the activities that can leave you fulfilled on the soul level. The Soul System of Tarot allows anyone to integrate these new types of readings into a daily routine. Perhaps you have always wondered what your true purpose in life really was? The Soul System of Tarot offers you key clues in unraveling the mystery of your true self! While not always easy to swallow, the wisdom within The Soul System of Tarot will show you where to turn when looking for answers in your immediate day-to-day affairs, while also illuminating your longer-term, soul-growth objectives!

Customer Reviews

Just ok. There's always something to take away but I guess I was expecting something deeper. In any case, interesting....

Certainly refreshing and some different approaches.

Great read for anyone wanting to know more about themselves, a wonderful guide of discovery.

I commend the author for writing this, but it is not very good. I was looking forward to learning a new way of integrating astrology and numerology into my tarot practice, but too much of this is the author rambling on about himself. Not very interesting. I also didn't like how he kept recommending how we should only read for ourselves and not for others, but then he keeps telling us about his clients. I was also annoyed by how he keeps bringing up evil, as if he could easily become a victim if he doesn't watch it. This sounds really immature to me. And finally, when he does begin to talk about different reading techniques, the spreads are very vague and the directions are unnecessarily convoluted. I only read half of this because it was so annoying. I am glad I found this for free, so I didn't invest money in it. I just thought this book needed an unbiased review, since it is obvious that the 14 other reviews are written by the author's friends and clients. I hope none of his clients feel the urge to learn the cards for themselves and read for others because they might be overtaken by evil. Haha! (p.s. I added one extra star for the pretty cover.)

Couldn't get past the second chapter. His philosophical ranting and overuse of metaphors was annoying, but when I tripped over his arrogant declaration that no one should read for others, etc, etc, or it's horribly draining ... blah, blah, blah. It's all his opinion and nothing more. And i completely disagree. So, while the sounded good, it's not worth time I've already spent on it.

I have had many readings from Austin and all were very helpful, and left me intrigued. After speaking with Austin and discovering how he learned to do readings, as well as how they have had an impact on his life, I was inspired to check out his book. Very true to Austin's personal story of development this book teaches you how to utilize Tarot for your own growth not only personally, and for vocational purposes, but on a spiritual level as well. I truly recommend this book for those of you who would like a deeper sense of meaning out of your work and everyday life. This book is not only insightful, but it has opened my mind to a new way of positive living.

Not only is 'The Soul System of Tarot..' a great read, but I've also had the pleasure of numerous readings from Austin Muhs in Los Angeles during tense times. His intuition, spiritual center and guides have been extremely helpful in my own personal spiritual growth with the assistance of tarot and astrology. He is a true channel for higher elements, and his knowledge of Tarot is a gift I'm glad

to see he is sharing with the public. A recommend for anyone interested in learning more about themselves in reference to Tarot and performing the art of Tarot on themselves without a guide. It shares teachers of the past, how Tarot can be relevant in the present and how you can navigate your future. I myself own a deck, the Deviant Moon Tarot by Patrick Valenza, and while I dabble in solo single card picks from time to time, I did not find very many helpful resources in performing simple self tarot deck reading... Thanks so much Austin for sharing this knowledge, it's been such an inspiration!!!

This book was fabulous and really helped me understand how tarot can decode the soul and how it can help you understand where you are at in your life. This really helped me see how I was financially blocked and the steps I need to take to get to where I want to go. Thank you, thank you, thank you! This helped me see a blind spot and now infinite possibilities lie before me. I highly recommend reading this book. It is a gem.
