Customer Reviews

Beezix has been publishing quick reference computer guides for trainers, training companies, corporations, and individuals across the US and Canada for the past 20 years. Founded by trainers, extensive industry experience made us aware of the need for a line of high-quality guides that were clear, accurate and concise. Our cards are designed for casual computer users right through to trainers and help desk staff.

good

Does an ok job for quick review - but there is a presumption that you understand certain basics of Illustrator before you put this little intro. to work. Unfortunately, though I am reasonably savvy with many Adobe products, Illustrator has proved to be less intuitive than most and this little pamphlet has yet to be of much help. It simply does not walk one through any given process in a step-by-step fashion. Scott Kelby is a master of the latter - and more products like this one could learn from Scott's technique.

AOK.
