My 13 year old daughter is at an intermediate piano level (level 3-4) and wanted to play something more contemporary than the piano methods, or classical scores, or the NYSMA selections. She liked the songs from High School Musical 2 better than the first, and asked me for the music. This songbook sounds authentic. The transcriptions play nicely and sound like that used in the movie. My daughter is pleased that she can now play songs that her schoolmates recognize and can sing along with.

I bought this for my 14 year old son, who is taking piano lesson's, and loved the movie's. He was very pleased with and is playing from this song book.
