Customer Reviews

I liked the characters, they seemed real. I hated it when I had to stop and charge, or other reasons for me to put my Kindle down. I love Christian mystery books and the author brought the Christian part in nicely. I have already mentioned the book to my sistersister and niece-in-law

This action packed book is very enjoyable and also a great romance. The book is very entertaining and fun to read. Undercover Agent, Paige Ashworth is called into instant action at the beginning of the book to rescue a young boy who is nearly run over by an automobile. She saves the boy's life and wakes up in the hospital to meet Dr. Dylan Seabrook, the uncle and guardian of Will Price. She realizes he's the very child she's been sent to the community to protect and that she didn't arrive any too soon. Will hasn't spoken for weeks, not since his mother died in a suspicious house fire and he may be the only witness to what actually happened. Paige now has instant access to the boy she's been sent to protect, but she must live with the quandary of lying about her identity...a difficult assignment when she begins to fall in love with the child and the man who has become his parent. But those considerations will need to wait, as long as the child is in danger.

The first book in this series, is Dark Obsession in novella My Deadly Valentine. Though the books can be read alone, I love series so I can follow the characters. In Agent Undercover, DEA agent Paige Ashworth is going to work undercover at an elementary school. A traumatized six year old has not spoken since his mother and another undercover agent were killed in a set fire. Paige is determined to find the murderer. On her way to school her first day, Paige saves the life of Will as his uncle Dr. Dylan Seabrook yells from the sidewalk. This incident gives Paige access to Will and his uncle for her investigating. Besides a nosy reporter who wants a story, someone is trying to kill Will. DJ

I liked these characters and how they dealt with this mystery and their problems. Drugs are, after all, an increasing problem in our schools. I think most would enjoy this book.

Lynette Eason is one of my favorite suspense authors. Every book (I have lost count) that I read by her is usually read within a day or two because I can't put it down. The only thing that bothered me about this particular book is that an undercover agent was able to go in and serve as a school counselor with no training in the educational field. As a teacher, I have spent many years in training and have 2 advanced degrees, as many other teachers and school counselors do. It is somewhat bothersome that just anybody can walk in and fill the role as happened in the book. Yet, I realize it was a fiction story, but I do think the author wants to make it as believable as possible. Even with that, I highly recommend reading this book!

Paige, an undercover DEA agent, goes to Rose Mountain to find out who killed her friend and agent.

Illegal drugs are in the elementary school and she is determined for that to stop. Who is trying to kill his nephew and why? Dr. Dylan isn't sure but he wants it to stop! Don't let this mystery pass by you.

deleted. did not like.

I read all of them. And they were awesome
