A roller coaster ride that ends way to soon. The characters from the shade are in new world with a world counting on them and they are determined to save it. With everything trying to get to them, they truly live up to the GASP team members they come from. Bella has written another amazing book! You are gripping your seat till your knuckles are white and have you feeling everything that the characters are feeling with all the whirl wind adventure that she is known for. I loved this story and can't wait till the next book comes out.

Oh my goodness. Bella never ceases to amaze me. How she can come out with one exciting book after another each month is beyond me. She has done it again. Eriptopia has proven to be a very exciting place and the diacotomy between all the couples is outstanding and thrilling. I had a hard time putting the book down. And the way it ended..... Need book 47 soon!!!! I will be going

through withdrawals like I do every month. lol Thanks again Bella for another awesome read. I don't know how you do it!!!

I started reading this series a few weeks ago and I absolutely love it. I had to keep reading to see what happened next. Now I am all caught up and can't wait for the next book. So basically this season you have 6 young characters from the Shade who get taken from a fae wedding because they have a gift that they never knew they had nor do they want. To leave their new home they will need to help fight a war before it makes it to Earth. It's dangerous especially since they won't have the help of the people from the Shade since no one knows they are missing. I like the storyline but I do miss the other characters of the shade. However there are new characters that I hope will be in future books. There is an incubus whose character grows on you. There is a lonely Druid who learns what it means to be around people. All of them are finding their way in this new dangerous land. Will they all make it out unscathed?

Bella Forrest has done it again!!! Book after book she keeps you on your toes and wanting more with each chapter! She makes you fall in love with every character and show you how they came to be in the world everyone has a back story and while you are reading about the main characters she throws more in there to make you try up it's like juggling a lot of people all at the same time and making it look flawless ..I don't know how she dose it but I hope she never stops !! Love love love .

New characters and species! How does she continue to write these stories?? Now to have to wait until the end of July? Things are looking dire for all of the characters! I feel like something bad is going to happen! Serena, Jovi, Field, Aida, Vita and Phoenix- they can't all be lucky enough to find love and survive?? Can they???

This installment made my head spin from excitement!!! The characters were amazing. I wanted it to last forever but I I was impatient devouring it at the same time! The romance was the perfect combination of exhilarating and tasteful writing. It made me fall in love with my own husband all over again! Another beautifully written piece by Bella Forrest!!!

Buckle up and hold on tight as this book takes you on a ride of emotions, twist and turns. Wonderful book from start to finish that you just cannot put down, you HAVE to know what happens next! Another great book! Needs 10 stars!

I love, love, love these books. I have read every one of them and once you start reading them you can't stop. I love all the characters and the different species. The suspense keeps you rooted and reading from start to finish as fast as you can to see what will happen next.
