## Customer Reviews

This is a good book. It has action, mystery, friendships, magic and dragons. Great story line and strong characters. So grab your copy and enjoy reading.

Great I love it

I can't wait for the next book to come out. I love dragon stories and can't get enough of them. I have no one to recommend it to but I will be talking to everyone about it like I already have been.

The wait for the next book in this series is going to kill me! Astri gets some of her questions answered in this book. She is growing into herself more and more. She still has guilt and a few insecurities, but she is getting stronger and more sure of herself. I really enjoy all Astri's inner thoughts. Her pixies keep the humor in the story and I have a soft spot for Lenin. I'm excited to see the parts that Thayer and Hans play. I'm loving the direction that this series is going. I received an ARC of this book and I'm voluntarily giving my honest review.

Wow that was one hell of a book! Gods! How I love this series by Joanna Mazurkiewicz. The books are all so expertly well-written. The book had a Wonderful flow to it. This is the spectacular continuation of Astri's story. I so can't wait for the next book. This is continuation of Astri's story. Astri has won the final contest, becoming the Duke's assistant; things take a turn for the worse. She is now regretting what she let be done. And Jorgen is sulking over his loss. He now has his father back but has lost something even more precious to him. And someone is still trying to kill Asti. Now she is on a quest to help him get it back. Only there is a small problem no one can know. And then his betrothed shows up and man what a piece of work she is. Only she can save Jorgen and herself. But man what a journey this is. But Jorgen has feeling for Asti and is hot and cold leaving her to wonder what she should do next. But omg when you find out who is behind all this it will floor you. I am so read for book three..Now before I ruin this for you I will leave off here. I hope you enjoy this book as much as I did. If you do like this book, please consider leaving a review. The Authors really like it when you do; they value your opinions too

Astri's story continues. Joanna writes such wonderful and complex characters. This story is full of action and adventure, mystery and danger, and woven throughout with magic. And there's some humor, too. The second book in the Mage Chronicles is even better than the first one, and I am eager to see how the story progresses from here. I received and voluntarily reviewed an ARC of this book. This is my honest review.

That one was even better than book 1! Here we have: dragons, mages, sexy detective, broken duke and great young female lead that is her own master (and hormones). Astri tries to find out everything

she can about her past but will that be easy? And what will happen when possible fiancé shows up in Jorgen castle? That added a great twist. And I loved blooming feelings! I voluntarily reviewed an ARC

Loved the 1st book and this one continues just as good! Very good storyline! Dragons rise again. Astri made a big mistake by not stopping some magic and it could ruin her life with the person she's in love with. A situation that people are jealous of Astri because she has a high status in the castle. Ready for book 3, loved this book. I received a complimentary copy of this book for voluntary review consideration.
