Boruto, Vol. 1: Naruto Next Generations

Synopsis

The ninja adventures continue with Narutoâ™s son, Boruto! Naruto was a young shinobi with an incorrigible knack for mischief. He achieved his dream to become the greatest ninja in his village, and now his face sits atop the Hokage monument. But this is not his story... A new generation of ninja are ready to take the stage, led by Naruto's own son, Boruto! Years have passed since Naruto and Sasuke teamed up to defeat Kaguya, the progenitor of chakra and the greatest threat the ninja world has ever faced. Times are now peaceful and the new generation of shinobi has not experienced the same hardships as its parents. Perhaps that is why Boruto would rather play video games than train. However, one passion does burn deep in this ninja boyâ™s heart, and that is the desire to defeat his father!

Book Information

Series: Boruto (Book 1)

Paperback: 208 pages

Publisher: VIZ Media LLC (April 4, 2017)

Customer Reviews

Author/artist Masashi Kishimoto was born in 1974 in rural Okayama Prefecture, Japan. Like many kids, he was first inspired to become a manga artist in elementary school when he read Dragon Ball. After spending time in art college, he won the Hop Step Award for new manga artists with his story Karakuri. After considering various genres for his next project, Kishimoto decided on a story steeped in traditional Japanese culture. His first version of Naruto, drawn in 1997, was a one-shot story about fox spirits; his final version, which debuted in Weekly Shonen Jump in 1999, quickly became the most popular ninja manga in the world. The series would also spawn multiple anime series, movies, novels, video games and more. Having concluded the series in late 2014, Masashi

Kishimoto has kept himself busy this year with the side story *Naruto: The Seventh Hokage* and the *Scarlet Spring* and writing the story for the latest *Naruto* movie, *Boruto: Naruto the Movie*, both of which will focus on the title character's son, *Boruto*.

I have heard quite a bit about how horrible this new spin-off series is and how terrible the *Boruto* movie was. In fact, I haven't heard a good thing about it via mouth, but I wanted to read the series anyway. I am not going to say that it sucks compared to the parent series because in some cases it will never reach what *Naruto* did, but the premise isn't all that bad. I did see the movie and was glad this first volume went deeper into some of the characters. The first book is roughly half or so of the movie and already I like this tripod of kids better than the three from *Naruto*. I am not a fan of Sasuke or Sakura, but I do like their daughter. She has spunk. I'd like to see more of the side characters, but since this is the first of the series I am going to have to wait just like every other reader out there. I like *Mitsuki* and am excited to see where he goes as a character. As for *Boruto* (which that is a terrible name), I do hope they don't make him so disgusted with his dad that it comes off as ridiculous. I can understand the whole idea of not having a father who is really there. Hinata's comment about how he isn't like *Naruto* in that his father is alive isn't quite accurate. *Naruto*'s father died, whereas *Naruto* is choosing to put his work duties ahead of his family duties. It is comparing apples and oranges, so *Boruto* has every right to feel neglected because as a kid he can see that his father is choosing one thing over the other, whereas dearly departed granddad didn't really have a choice, being dead and all. Sorry folks, *Boruto* does have a point. The family issues aside, I think my only complaint is the drawing. I am a huge fan of the drawings in the original series and how the characters appear as older seem off to me. I looked at *Gaara* and wondered if that was the same man. I'd like to see more of the *Kage* group in the future, especially since *Gaara* is my favorite *Naruto* character. Fun read, and recommended for people who are able to see the series as a stand alone rather than an attempt to revive a series that ended with a lot of fans and tears.

I love it! I love it! I love it! I am glad this is out because I was really sad that *Naruto* has come to end. This is a great way to fill in that void that *Naruto* had left. This first volume is pretty nice. I like the artwork too. I seriously don't understand why people throw so much shade on the new *Boruto* series?

Even includes the extra chapter that kiosk wrote himself

Love the new characters and it's nice to see all the changes in the city of the hidden leaf. The opening scene is too crazy though hahaha!!

I love Boruto: Naruto Next Generations and want the series to keep coming out till the very end of Boruto's story.

Volume 1 follows along with the movie, well first half of the movie and you get a little bit of Misukis background

Got it at the pre-release price, and it arrived dead on time. Got it for a friend, and he loved the book.

The book arrived perfectly. The story and art and what you expect from naruto. I am curious to see what happens next. The art and story is different cause it's by two new people.
