Customer Reviews

Words on cover are simple. Inside words are more complex & probably a 2nd grader wouldn't know the word by sight & definition without help. Disappointed words were not shorter & similar to cover display.

Disappointed in description. Words are forward, backward and diagonal which is not clearly stated. Too advanced for stated age group.

Perfect

Wonderful Word Search Book. I work with a very special down syndrome little guy who loves word search books. He smiled when he saw this book and opened it right away to start working on it. This book is easy for him to practice his words and he also can work totally by himself. Thanks!

I have a 5 year old that loves word searches but the ones his 11 year old brother does are just too hard! I ordered this book for him and am so glad I did! They are perfect...not so hard he loses interest or gets frustrated, but not so easy he finds all of the words with just a glance. He is in kindergarten and can read most of the words too so he also gets some reading and spelling practice in without even realizing it!

Best learning puzzle book ever! Kids are excited to do the puzzle like mom.

Got this for my 5 year old granddaughter and she asked me to make copies of the pages so she can do them over and over. She is learning to read better.

My first grader is using the improve his reading skill. He seems to like the book.
