## Customer Reviews

This is the 2013 Pocket Guide.

Didn't have a lot of what I needed in it. I was hoping it was more informative than it was. Not like the old weight watcher books that had a lot of food listings

The book I ordered not knowingly was only 23 pages written in English of the 160 content pages. Shocked and disappointed in this version. I am hoping another version is more friendly to English non bilingual readers. Extremely poor content information given while selecting this book. I will need to return this version with hope another all English version exists. Unsure.

Yes, I would recommend this product. It is very easy to use! I use it instead of the online now. Thank you

Use it faithfully.

Great program.

It has a lot of the basic foods, but it could use more choices. It does not include all restaurants..
