# Understanding Healthcare Financial Management, Seventh Edition

## Synopsis

In today's healthcare environment, financial issues are paramount, and managers must be prepared as they strive to improve the delivery of health services. *Understanding Healthcare Financial Management, Seventh Edition*, blends theory with the nuts and bolts tools managers need for on-the-job decision making. Self-test questions, key concepts, glossary terms, learning objectives, and spreadsheet problems are featured throughout the book, helping students learn to make educated financial decisions in even the most complex provider settings. This substantially updated seventh edition provides an even greater focus on the types of financial decisions healthcare providers make and a more user-friendly approach to the topics presented: Updates explain the effects of health reform and the Affordable Care Act on financial management Consolidation of content about health insurance and payments to providers sharpens the book's focus on the healthcare environment Key Equation boxes highlight important formulas Integrative Applications present in-depth practice problems that illustrate key concepts Anecdotal sidebars connect interesting real-world situations with chapter topics End-of-chapter supplements separate less essential content from the chapter's core content A new appendix compiles the book's key equations in one place to provide a handy summary of the most important mathematical formulas and variable definitions

## Book Information

Hardcover: 850 pages

Publisher: Health Administration Press; 7 edition (March 31, 2015)

Language: English

ISBN-10: 1567937063

ISBN-13: 978-1567937060

## Customer Reviews

Louis C. Gapenski, PhD, is a professor of health services administration with a specialization in

corporate and healthcare finance at the University of Florida. He is the author of 30 textbooks, which are used worldwide and include Canadian and international editions as well as translations in eight languages. He has published 40 journal articles related to corporate and healthcare finance and is active in several professional associations. George H. Pink, PhD, is the Humana Distinguished Professor in the Department of Health Policy and Management, Gillings School of Global Public Health, at the University of North Carolina at Chapel Hill and is a senior research fellow at the Cecil G. Sheps Center for Health Services Research at the university. Before receiving a doctorate in corporate finance, he spent ten years in health services management, planning, and consulting.

It's a very detailed book. The only complaint I have is that it's heavy to lug around everywhere.

Thought this would be tutorial to use along side the book. Its problems for the professor to assist with class lecture. No assistance to the student at al.

Excellent condition

Good

Exceeds the expectation

Great for my class
