# Breathe, Mama, Breathe: 5-Minute Mindfulness For Busy Moms

## Synopsis

Moms can feel as if they are sprinting through life, crashing onto the pillow at day's end only to start again the next morning. In *Breathe, Mama, Breathe*, psychotherapist Shonda Moralis outlines the benefits of daily meditation and shows moms how to do it-in just five minutes. Plus, she shares over sixty "mindful breaks" that will help moms tune into their own well-being (along with everyone else's): Eat a mindful breakfast-with no phone, TV, or newspaper! Cuddle your child and take three deep breaths together. Give yourself a mindful-mommy high five-because moms can use positive reinforcement, too. Every mom-whether caring for a new baby, an overscheduled grade-schooler, or an angsty teen-can become a mindful mama!

Love the fact that I can pick it up and read & practice in short bursts -- the whole book is designed to

be mommy friendly like that!

This book has a lot of really good ideas how you can take time out for you and to focus on your child with quality time.

I love this book. I am not a mom and I have learned so much from reading it. It truly is for anyone. It has taught be to just be still even if it's for 5 minutes a day. Sometimes you just have to stop and breathe !! Love it.

Wonderful book, a must for every mom to read and go back to again and again.
