David William Phillips is National Board Certified Teacher of AP European History both in the classroom and online, and has also taught World History, American History, Holocaust and Genocide in World Studies, and several other courses. Dave earned his BA at the University of Iowa, majoring in both History and Media Studies, and holds a masterâ™s degree in teaching secondary social studies from the University of North Carolina at Chapel Hill. He has toured Europe with students, and lives with his art teacher wife and their children in Raleigh, North Carolina.

Great for the kids to use in class for fun challenge against each other. Useful for multiple choice portion of test. Useless for the essay part.

Excellent preparation book for the AP exam, according to my son.

Proved to be a very helpful product when I got my AP Euro test result back. Would recommend.

Helpful for an additional study tool.

Does the job nicely.

Very useful

Helpful but not the most important part of studying.

I had these for two weeks and carried the unopened box everywhere. When I finally opened the cellophane and lifted the top of the box, I was pleasantly surprised and only saddened that I didn't get the party started earlier. Great content and superior quality. They also came with a ring so you can keep them handy and flip through them when you have idle time. You're in AP classes! It's not like you have time for a social life, anyway! You could even wear them as a fashion accessory! I say this with caution, not knowing if your earlobes are strong enough to withstand the weight of entire pack, but maybe if you split them equally? Just a thought..If your plan is to die alone, but with the satisfaction that you're smarter than the elected officials who govern this country, get them. Actually read them, too. You're going to be a hit at chess club with these cards.
