Customer Reviews

I can't get over how good this series is. The world expands big time in this issue and I can't wait to keep reading. Ellis' art can go toe to toe with the best in the business: it's warm and inviting, stokes the imagination, and the color work makes each panel come alive. Especially love the cinematic way he composes each page, makes it easy to see the story unfold and make me keep turning the pages. Love it!

My biggest gripe (which isn't really a gripe at all) is that I need to read #3 right the dang heck now! I'm really enjoying this story and I can't wait to see what's next. Not only is the story compelling, the art is dang fantastic!
