Financial Markets And Institutions (The Mcgraw-Hill / Irwin Series In Finance, Insurance And Real Estate)

Synopsis

Financial Markets and Institutions, 6e offers a unique analysis of the risks faced by investors and savers interacting through financial institutions and financial markets, as well as strategies that can be adopted for controlling and managing risks. Special emphasis is put on new areas of operations in financial markets and institutions such as asset securitization, off-balance-sheet activities, and globalization of financial services. Then, resources within Connect help students solve financial problems and apply what theyâ™ve learned. Saundersâ™ strong markets focus and superior pedagogy combine with a complete digital solution to help students achieve higher outcomes in the course. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Am happy with my product. The book was brand new and in perfect condition. I recommend it

A decent book.

I'm self studying and so far this has been a great book for the course.

Just what it looks like!

as textbooks go its not too bad.

Fast delivery, great condition.. very recommended!! GREAT VALUE

Super hard to read, and doesn't explain things that well. But if you're considering buying this, I figure you don't really have a choice because your professor is probably making you buy it.

Can't really say I LOVE ant text book. . .but it was as expected and shipped quickly
