The New Manners And Customs Of The Bible (Pure Gold Classics)

Synopsis

For over 100 years, Freeman's Manners and Customs of the Bible has been the serious Bible student's choice. Short of enrolling in a course in ancient Hebrew civilization, The New Manners & Customs of the Bible is the quickest, easiest, and most enjoyable way to understand the people and culture of the Bible. It is an invaluable key to unlocking a complete and accurate understanding of Scripture that is often hidden in ancient Hebrew culture. Do you know, for example: What significance earrings had in Biblical times? What the sources were for the waters for Noah's Flood? What Jesus really meant by the "eye of the needle"? What it means for Christ to wear "many crowns"? What Paul was referring to by a "triumphal procession"? What the differences are between a modern and a Biblical wedding celebration? All these questions and hundreds more are answered in The New Manners & Customs of the Bible. It's a reference book that belongs on the bookshelf of every earnest Bible student and teacher.

Customer Reviews

Have you ever wondered how a camel can go through the eye of a needle? How the four men got their paralytic friend through the roof to Jesus? What it means to greet one another with a holy kiss?

This book answers these questions and others. You will learn: * What it meant to be adopted in Bible times * Who the magi were * How lots were used * How the potter formed clay * What a whited sepulcher is * What fiery darts are * What it means to be espoused * Why Jesus is crowned with many crowns * What it means to be engraved on the palm of God's hand This valuable resource goes book by book through the Bible, explaining many customs practiced in Bible times. Not only is

it easy to understand, but it is also filled with many helpful illustrations. This useful tool will greatly aid anyone wanting to understand more about the Bible. "Knowledge is easy unto him that understandeth." "Proverbs 14:6 --This text refers to an out of print or unavailable edition of this title.

James M. Freeman (April 22, 1759–November 14, 1835), Minister of King's Chapel in Boston for 43 years.

Harold Chadwick should not have updated this book at all. He has just bastardised a good book written by James Freman. Yes, i agree that quite an number of things have changed since James Freeman wrote the book in 1875but harold did not apply wisdom in updating his so called book. For example, Why did he remove the court of the house which was in the original James freeman's book under the book of Esther?To me he should have left all the ancient cultures he took out alone and just write" but as of now in the 21st century, it is such and such.I agree that it is extremely find the bibligraphy of books that James Freeman used as of 1875 but he quoted some names in his book and the author of the book who said such and such. what is the point of harold removing the bibligraphy but quoting some of those authors saying something. Surely people would want to know where harold got such quotation from. An example of what i mean is this; in the New manners and customs of the Bible in Leviticus 11:35 describing Ranges(page 149) harold just said "many years ago, a traveller nameed Rauwolff described an apparatus he saw among the arabs"... Whereas in the original book by James Freeman under Ranges in Leviticus 11:35, James said "Rauwolff" (cited by Harmer, Obs.,465) describes an apparatus he saw among the Arabs...."James Freeman gave the list of books he used including Harmer even though trying to get those books now is like a mirage.In conclusion, i prefer the original Manners and customs of the bible to what Harold wrote. I am sorry to say that Harold's book is rubbish and in poor taste. I expected something better but regret buying his book. I have discarded Harold's book which i bought and would not recomend anyone to buy it

I purchased this for my husband who is taking a class this semester on customs. The book is a softback book and is thick and full of useful information. The book is well written and laid out. It follows the Bible and is an easy read. There is so much information in this book about customs and manners found in the Bible. I even enjoy reading as I read through the Bible. It gives you perspective on the times.

WARNING! This is only new in the sense that the editor has "modernized" the material. There is nothing here to offer over the original. Those expecting a sequel should realize Freeman died a long time ago.

This is a great book. Very well written and very very informative. It clears up a lot of misconceptions that happen when you don't know the culture or customs of the times the bible was written in. Awesome book. I would highly recommend it.

The entries in this book are too basic. Too few entries and no real depth of study or research by the writer/editor. It was very superficial and quite disappointing to a real student of the Bible.

Arrived in very good condition. Very informative. Many facts about daily life in biblical times. This book is very well written and easily understood.

I'm enjoying this book very much!

This is a great book for those who want to study and know the customs and mannerisms of Biblical time. I would recommend it highly.
