# **A Survey Of The Old Testament**

## Synopsis

The purpose of studying the Old Testament is to understand God and his redemptive work more fully. However, this goal is complicated by the fact that it was transmitted through a very different language and culture from our own. A Survey of the Old Testament provides an indispensable guide for undergraduate students and other readers by exploring the literary, historical, and theological issues behind the Old Testament and its various books. For each Old Testament book, the Survey addresses background information, purpose, message, structure, and major themes. Chapters introducing each major section of the Old Testament are included, as are chapters dealing with issues of interpretation, geography, archaeology, history, formation of the Old Testament canon, and the Old Testament's relationship to the New Testament. The text is enhanced throughout by maps, photos, timelines, and charts. This full-color third edition of a widely acclaimed textbook has been expanded and redesigned in both text and graphical elements, making it even more beneficial.

## Book Information

Hardcover: 800 pages

Publisher: Zondervan; 3rd edition (February 5, 2009)

Language: English

ISBN-10: 0310280958

ISBN-13: 978-0310280958

Product Dimensions: 7.6 x 1.8 x 9.4 inches

Shipping Weight: 4.8 pounds (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars 119 customer reviews

Best Sellers Rank: #9,704 in Books (See Top 100 in Books) #5 in Books > Christian Books & Bibles > Bible Study & Reference > Commentaries > Old Testament #5 in Books > Christian Books & Bibles > Bible Study & Reference > Criticism & Interpretation > Old Testament #15 in Books > Christian Books & Bibles > Bible Study & Reference > Bible Study > Old Testament

## Customer Reviews

"I have used Hill and Walton's A Survey of the Old Testament from the very first edition to the current third edition because students have responded very positively to it and give the textbook a high rating. It is especially effective for introducing students from traditional church backgrounds to the new world of higher criticism. In discussing more controversial topics such as 'The Composition of the Pentateuch,' various viewpoints are represented fairly." • Adjunct Professor, Gordon-Conwell Theological Seminary and New Brunswick Theological Seminary -- Andrew

Leeâ œThe one-year Bible and Israel Program in our University has been consistently using A Survey of the Old Testament. We find the text informative, concise, and trustworthy with a high view of Scripture and an appreciation for Ancient Near East studies. In addition, the graphics provide our students with photos of biblical landscapes, illuminating charts, and important archaeological discoveries. This is one textbook that our students want to keep.â • Philadelphia Biblical University -- William L. Krewson

Andrew E. Hill (Ph.D., University of Michigan) is associate professor of Old Testament studies at Wheaton College, Illinois. John H. Walton (Ph.D., Hebrew Union College) teaches Old Testament and Hebrew at Moody Bible Institute, Chicago. He is the author of several other Zondervan books, including Chronological and Background Charts of the Old Testament --This text refers to an out of print or unavailable edition of this title.

I have been using the text to teach an OT Survey course at the Bible college level and it has really been prized by my pupils. The authors provide a very nice structure facilitate discussion for each book fo the Old Testament with helpful introductions to each genre of literature as well. Zondervan has also greatly enhanced my lectures by making available full color slides, and pre-made quizzes for each chapter in the book. The only downside is the binding is not wellmade and I doubt, with much extended use, it will hold up well (One lower corner is already tearing and the book makes a popping noise each time I close it). I am one of those persons who takes great care of my books. That seems a shame for a book that retails for more than \$50!

It is a good reference, but does not go deep enough. I suppose that would have to have been multi-volumes if it did. A very good quick study into the Old Testament. Probably a seminary textbook, but I really like it.

This book is written well and is very informative!

I am enjoying the book. I had to buy it for a class I am taking. The only problems are the mistakes in the Kindle edition of the book. In chapter 9, "...his guardianship and w took the thrpeople appear to have been SolomonÃ¢ÂÂs most appear to have been SolomonÃ¢ÂÂs most obvious political faults..." What does that even say?

The book provided a great source of information and made the OT so much clearer to understand. I no longer fear some of the laments in the bible. Provides a good knowledge of biblical history. I especially liked that the book provided historical information on Jewish history and the constructive review of writing of each book.

This is a very good book for lay persons and students who want to learn more about the Old Testament. Both of the authors Andrew E. Hill and John H Walton are professors of the Old Testament. They both have a PhD, Professor Hill from the University of Michigan and Professor Walton from the Hebrew Union College. Professor Hill teaches Old Testament Studies at Wheaton College. Professor Walton teaches Old Testament at Wheaton College Graduate School. They do a survey of each book of the Old Testament. Being Professors they really try to make the book student friendly. They try very hard to make it interesting for the person studying and not just another dry old History book. At the beginning of each book there's given an outline, key ideas, a purpose statement of the book, major themes and God's presence in the book. There are a lot of pictures, time line graphs, questions for further study and bibliographies for further reading at the end of each book. If you want a very well written book, with a lot of information for studying the Old Testament books, weather it is by yourself or in a study group, this is one book I would really recommend.

I'm sure its a good read but I purchased it on accident

This book was used for a Old testament class at school. I loved it so much that my recent purchase was for two people that I thought of so much to make sure that they had a copy it the book so that they could enjoy the written history behind their Bible Studies. I love this book very much and recommend it as 'necessary' reading for all.
