If you're a violinist ready for a workout, this is a good one. I have found that the music minus one concerti typically suffer from too slow a tempo. They're a great addition to practice (and of course, fun fantasy) but just a bit too slow. This (I should say these) versions of the Mendelssohn violin concerto break that mold. There are three different versions; a "practice" tempo, a "traditional tempo" and a full-out modern concert tempo; the speed popularized by Heifetz, I think. It'll take a few times to get used to a couple strange excessive retards and then complete lack thereof in other expected areas -- but overall, it's a fun ride.

Very good I love to play along with a great orchestra. I am Orion Carlson, Husband of Chloris..

This MMO was an excellent version with several options. All I thought it would be and more!
