I wanted to give my daughter pirate lessons, but found local pirate schools in short supply. This book is a fun read, and great for kids of all ages. My 1 year old laughs at the pictures and like to point out the man, boy, bird, boat, and other details in the pictures. As she gets older, it will be fun reading as well. Great kids book. You can't go wrong with the Little Golden Book series. I enjoyed it 30 years ago as a kid, and now my little girl enjoys the same great books.

Ordered this as part of a birthday gift for a pirate loving 5 year old. He liked it - just a little thinner than I remember the Golden Books being in the past.

My son absolutely LOVES pirates so this is naturally one of his favorite books. We love all the golden books they never disappoint. This is definitely a top 3 favorite of his favorite books. Its very due even us adults love reading it! Highly recommend!!

Ok as far as the story goes. Illustrations are cute. Not our favorite book but perfect party favor for pirate themed birthday.

Cute little book that encourages imaginative play.

If you like pirates, you'll like this book! It's a quick read and full of "kid appropriate" pirate humor. The illustrations are great too!

This is one of the few books that I've read my 2.5 year old daughter that she's asked me to read over again. This and Frosty the Snowman for some reason. I think the drawings are great, and there are plenty of things going on in the pictures that I can talk to her about. And I like the story too, so I don't mind reading it. The content is basically the main pirate picture on the cover shows you around the ship and gives you tips on how to be a pirate, you go on a treasure hunt, get into a sea battle, and by the end your little one is a fully vested pirate!

Bought for my niece after she fell and got an owie by her eye.
