Dragon NaturallySpeaking: Dragon NaturallySpeaking Essentials, Dragon NaturallySpeaking Basics, Dragon NaturallySpeaking For Beginners, Dragon NaturallySpeaking ... Commands You Need To Know, Dragon Maste

Synopsis

Dragon NaturallySpeakingAccelerate up to high speed with a new productive way to write your thoughts... as easily as you speak!This book is loaded with ways that Dragon can revolutionize your life, and make you more productive. It will change how you write forever. You have to get this book now! Don't be left behind while everyone around you soars in productivity and writing tasks! The really neat thing is your writing, and especially your dialogue will sound more fluid and natural because very frankly, it was spoken before it was written. A lot of developers are using Dragon as a tool for writing code because of the custom command features it contains.Reading Dragon NaturallySpeaking will teach you:How to write better! How to write more!How to work smarter, not harder!How to do fast and effective research, reports, and written work!Think about the leverage you gain when you couple this with other productivity software and macros!How to surf the web, and write emails with your voice commands!This book will stimulate your thought processes with tips that apply to any kind of writing you routinely do.ACT NOW! Click the orange BUY button at the top of this page! Immediately be able to read Dragon NaturallySpeaking on your Kindle device, computer, tablet or smartphone ASAP!

Customer Reviews

I wouldn't recommend this book. Just pop in the tutorial cd that comes with the program. It covers about 95% of the books contents at no additional cost.

I sat down, took a deep breath and plunged in. Dragon NaturallySpeaking is a great piece of work. But my, what a steep learning curve. Thanks to John Carlin I made it. Thanks John

I find it difficult to get what I need to operate the system. I don't quite understand why I have to pay for directions on software. It used to come in the package.
