Slovenia (Bradt Travel Guide)

Synopsis

A full-length Bradt guide to this secret corner of Europe; once part of the larger republic of Yugoslavia, Slovenia is now an independent country, with Alpine scenery in the north to rival Austria and charming Adriatic coastal towns. In addition to full practical information and coverage of the accessible capital, Ljubljana, the Bradt guide explores off-the-beaten-track Slovenia, and includes visits to wine-growing regions, hiking in the Julian Alps, the caves of the Karst region, white-water rafting and skiing. A strong emphasis on culture and history is combined with everything the independent traveler needs for visiting Slovenia's attractions.

Book Information

Customer Reviews

• "Your guides to Slovenia and Ljubljana are some of the best I've seen." • Ivan Valencic, Slovenia
• "Excellent travel guide. Very useful for all-round requirements." • JM & ME Drury, Darlington
• "Very clear, well presented. Pictures are appropriate." • Sue Lockett, Taunton, Somerset
• "I found this guide very informative compared to others I'd looked at before purchasing this book."

Slovenia's epic scenery belies its compact size. It features magnificent Alpine mountains with surging rivers, fertile plains perfect for wine production, a stretch of warm Adriatic coastline, and wild forests where bears and wolves roam free. Slovenia: The Bradt Travel Guide has all the background and practical information you'll need. It uncovers the country's little-known highlights - from

hundreds of caves, excellent wines, quality skiing, myriad churches and relaxing health spas through to its emerging role as one of Europe's top adventure playgrounds. Inside you will find: *Best places to eat and stay* The historic centers of Ljubljana, Maribor, Celje, Kranj, and Ptuj *The Venetian towns of the Adriatic coast* Wild escapes and green parks *Outdoor pursuits - from gentle hikes to white-water rafting -- This text refers to an out of print or unavailable edition of this title.

This map is excellent. The scale is perfect for driving in these countries, and the book is easy to use. I'm very satisfied with it.

Hard to follow and read, at least after we had used Lonely Planet and Rough guides. Bought this one because it was supposed to be the most current one out there, but was disappointed re coverage, organization of information, and just general usability.

Lots to do in this small country, very helpful to educate ones self before the big trip over there. On the euro, but on the boarder of western and eastern Europe.
