## Customer Reviews

Gr 5-9-This informative series focuses on eight issues that could negatively affect teens. The texts are both credible and readable: the authors employ an engaging narrative style supplemented by text boxes and footnotes, relying upon both research and anecdotal evidence from teens. An attractive layout, featuring full-color, captioned photos, enhances these books. The series is marred by some flaws, such as problematic phrasing that may alienate readers , and other sections border on the didactic. Overall, though, this is a clearly written and well-organized series. (c) Copyright 2014. Library Journals LLC, a wholly owned subsidiary of Media Source, Inc. No redistribution permitted.
