Good purchase experience - but actually shouldn't have used that dictionary/ow use New Oxford American Dictionary (NOAD)

Yes, this dictionary is great. Use it all the time.

I actually own three of these dictionaries because I could never live without it. One copy stays in the trunk of my car at all times. Whenever people are wondering about the meaning of a word, we have fun looking it up.

Product was received promptly and was packaged properly. Product was in good condition but I think it maybe be considered used and not brand new. There was a stamp as though it was intended or used by a library.

A very nice hard bound dictionary with a lot of helpful added tools that aids students in a fuller understanding of each word.

My niece needed this disctionary for her home school "schooling". I asked her how her school liked it and she said that it was great - that they already looked some stuff up in it.

loved it

I got it two days ago. It's really good! There has no names, no marks, no creases... Anyways, I love it!
