# McGraw-Hill Education Preparation For The TASC Test 2nd Edition: The Official Guide To The Test (Mcgraw Hill's Tasc)

## Synopsis

The official guide for TASC Test--the new high school equivalency test straight--from the test-makers at CTB/McGraw-Hill Education! Now updated to cover major changes in test content, McGraw-Hill Education Preparation for the TASC Test walks you step-by-step through the test. Each section features a pre-test that helps you identify strengths and weaknesses before study. Each chapter includes review of the test subjects and exercises that reinforce new skills. Learning objectives are based on the Common Core State Standards, just like the real exam. You also get authentic TASC test questions with explanations, straight from the test maker. Test presently administered in California, Indiana, Nevada, New Jersey, New York, West Virginia, and Wyoming. Features: Exclusive: Authentic sample TASC test questions--straight from the test-makers at CTB/McGraw-Hill Education! Review and practice with all the latest TASC question types

## Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

I teach an adult education class and prepare students to take the TASC test. When the first edition of this book came out, I purchased it right away and it has been extremely helpful. The practice tests are, in some ways, more like the actual test than the Readiness Test. When the second edition

came out, I purchased it expecting to find new practice tests for my students. However, 90% of the second edition is exactly like the first edition--word for word. The 10% new information covers test format like drop down items and short answers. If you do not have the first edition, I highly recommend the second edition. However, you do not need both editions. One thing to take into consideration is that the first edition is printed on a better quality paper and is more substantial.

Use it in my HSE classes. Good guide as reference and instruction. Some typo errors found.

The book is helpful, but I wish there as more assistance using the online service.

I am a TASC coordinator for a local high school. This review book is good as a source of questions, but does not do a great job of explaining content.

I purchased this book to tutor an individual trying to pass the TASC test. I have found it to be extremely helpful.

Very good book, but pre test and post test are short.

Very good.

Fantastic book!!! My son used this book to study for the TASC and he had excellent high scores!!  
Thank you!
