Neeb's Fundamentals Of Mental Health Nursing

Synopsis

Hereâ€™s the must-know information LPN/LVN students need to care for patients with mental health disorders where theyâ€™ll encounter themâ€™ in general patient care settings. An easy-to-read, conversational writing style shows you how to recognize and respond to the most important mental health issues. Youâ€™ll also explore important communication techniques to use with your patients, ethical and legal issues, and alternative and complementary treatments. Thoroughly revised and updated, the 4th Edition incorporates the latest theories and treatments in psychiatric nursing, enhanced care plans, and much more! Youâ€™ll also find coverage of specific nursing interventions and basic psychiatric nursing skills as well as up-to-date information on psychopharmacology, including must-know side effects. Plus, new, interactive exercises online at DavisPlus help you sharpen your skills!

Customer Reviews

This book is a good overview of Mental Health Nursing. I would like to see the use of Nursing Diagnoses that relate to each illness. Also, it would be good to include more therapeutic communication.

great price

The book is in great condition! It is practically new!

great item, quick ship!

great service will buy again.

Everything is great!

several places the book was vague in description. did not care for it

Very happy with the book and it came right on time
