I rented this book and the condition is horrible. It is taped together and falling apart. There are notes, pen marks, and even bite marks in this book. Yes, bite marks....it looks as if someones dog has gotten a hold to it. On the bright side, the information is all still there and I can read the material.

used it for college

Good book and I passed my class

required textbook for philosophy class, serves it purpose. it's a rental, so unfortunately, it had numerous missing pages.

Needed book for Honors philosophy class and one of the reviewers is my professor. Book is more interesting than I thought it would be. I guess you really can't judge a book by its cover.

When I ordered the book I didn't see anything about missing pages. When I received the book in the mail it was missing 4 of the pages. I hope I don't need the information that is on them.
