Customer Reviews

I just got back from a trip all over Portugal using this map. Great details and very accurate. I read some reviews about the map being too big to use in the car. It is very easy to fold it over to just the area you are using at the moment. I saw this same map for sale in one of the rest stops in Portugal, but I got mine on ! I highly recommend this map. Friend's had a similar Michelin map of just the south. That would be great too if you are just going to be in the Algarve as it showed even more detail in that area.

The map was great. Enabled us to drive all over Portugal with no problems. Other customers indicated it was a little large, but you just fold it as you would any map. The size made everything very easy to read.

Great road map for Portugal. I was disappointed Sintra was not included in the detailed city maps, but otherwise it was a great map.

GPS on our rental car and our phones has made the paper map largely irrelevant. But since we are planning a two week road trip to Portugal including many small towns and out of the way location, I am happy to have a Michelin Portugal Map in case we find bad cell phone service or have some other issue with out GPS.

The map was bigger than expected but this made it much easier to read and find locations.

Quite large. Not easily used while driving

Used this map of Portugal during our driving trip in May 2012. It was clear and easy to use. It provided the big picture, which as an added benefit to using a GPS device.

Very good map but very large. Good to have even though you may be using GPS.
