## **Customer Reviews**

BRENT PETERSON is former editor of *RV View*, a magazine devoted to the technical aspects of owning an RV, and is editor-at-large for Woodall's Publishing, home to seven consumer titles about RV travel. Brent is a frequent contributor to *Coast to Coast* and *Roads to Adventure* magazines, and his weekly "RV Guy" column, detailing his unique take on RVing, appears in 35 online newspaper Web sites.

Just purchased a 2007 Fleetwood Class C Tioga 31m. No adult experience as an RVer, but this book has given my husband and me a new sense of confidence that our future will include some great RV adventures. This book leaves nothing unexplained. I recommend even seasoned RVers try this book, they might discover some new tips! RV S.C.

We had no idea how much We didn't know! This book is a practical guide to everything you need to know from when you're flirting with the idea of RVing or, like us, took the plunge, bought an RV and said "now what???" The book is an easy, even entertaining source of every type of information you'll need. Highly recommend!

There's good info here and there, but the style of writing, with continuous quips and lame jokes running throughout the text makes it very laborious to cull useful information. This truly is a guide for idiots.

Not a bad book book but very basic and not enough detail even for a 'Idiots Guide"

Bought as a gift for my parents. My dad's review was that it had a couple of nuggets of info but a lot of it was too simplistic and repetitive.

I have learned a lot for this book. New to RV's or campers you need this book.

I used the book after I had purchased a used RV. I loved the simple explanations of the RV's systems as I'm a true beginner. I took several free seminars, but the instructors assumed a level of knowledge newbies don't possess. I've referred to the book's section on the electrical systems twice as my engine battery died 6 weeks after I purchased my RV. I would like to read the next version - an intermediate Guide to RVing. Or an Intermediate Guide to Full-Time RVing!

This was bought for some friends that just got a new RV. Good for them but first part is too focused on what to buy
