Andrew Allott was an IB Diploma student in 1974. He has since worked extensively as an IB curriculum developer, workshop leader and biology teacher.

This is a lifesaver for IB bio. Every topic and sub topic is nicely condensed into one page little reads with the needed diagrams and facts. Will be perfect for studying for the final exams. Slightly thinner than the actual bio text.

My daughter used this extensively to study for her IB exam. She felt that it was essential to her getting high marks.
