Customer Reviews

Thought it would be a good read because I use to watch the old show. It was okay, prefer the actual show though.

my husband think it is amazing , will purchase again. fast shipping, helpful. It's a sharp and a very nice Chef product.

This book takes Dawson's Creek and gives it a little turn in a different direction. Things happen that avid watchers would have expected to happen i. e. Joey doubting Dawson's feelings for her. The writer sets up a little flare with sending the Fab Four on a feild trip they wold never forget. It's also a pretty easy read. Your average 9th grader could probably knock it off within 5 hours, depending on how interested you are in the book. There isn't too much Dawson and Joeu, but we do see Pacey messing up (again).

I liked the book but it was kind of unrealistic because it started from the end other season 1 and I had alredy seen 4 episodes of season 2 so it seem way off. I like the books that are about episodes

of the show and not original. It was good though. It's hard to read it kind of because I got kinda bored when they describe everything so deeply. All in all, a good book.

I liked this book loads its the second best dawsons creek book(major meltdown been the best) Each character has a good story line and additional characters have also been characterised well. But parts of the book get quite boring where it repeats its self. But apart from that i think its a great book with a well told story!

I thought this book was really good! It had everything (and Joey and Dawson were going out!) It had romance, fun, heartwarming and thoughtful chapters and experiences. It's the kind of book that you never want to put down!

this book was good but it wasn't that great. You could pretty much tell what was going to happen. It was basically another love story. The book was not that good for me. It would be better for a girl. I would recommend it to a 7 thru 15 yr old girl.

I liked how all of them got their little romance! I liked Pacey's the best! This is a must read for any Dawsons Creek fan! I recommend all the books! READ BUFFY TOO!
