Helpful. My 17 yrs. old grandson had to take this course during his Senior, high school summer,. The book and workbook helped his get an A in this class, without an official teacher to assist him. He felt it was fun and adventurous to do on his own.

Material is not in great condition. Wish they stated it was written in.

I plan on using it in a class at the College for Seniors in Asheville, NC this fall.

The workbook is missing pages. It is not useable for class work.

As described fast shipping

Just what we needed!

It is the required text for my son's online school program. It was purchased as an accompaniment to the text and was beneficial in his studies. It has served him well and he has now completed the course.
