Customer Reviews

Love these books. My only complaint would be that the staves are very small for young children to write on. I'd like to see them a tad bigger. After these theory books, I start Theory Time primer

Great book. Fast shipping.

Great way to begin to learn how to read music. Great content and a really good series!

My students love this theory series - I will continue to use it always! They do their assignments willingly - so I am HAPPY!!

Love these. Easy for the kids to understand

Kids loved it. Good preparation for whatever instrument they may take up. Great part of our elementary homeschool curriculum.
