Learn French I With Parallel Text - Easy Stories (English | French)

Synopsis

Please see our Free Sample and purchase the book prior to giving any feedback. Our texts are professionally edited and proof read. Thank you. Learning French with parallel text is the most rewarding and effective method to learn a language. Existing vocabulary is refreshed, while new vocabulary is instantly put into practice. The French grammar easily sinks in through our cleverly written and well formatted stories. The parallel text has especially been accommodated for use on the Kindle and Kindle Apps. Recommended for beginners-, intermediate level learners of French and as a refreshers course. It is so easy and enjoyable even absolute beginners with no prior knowledge can start learning. We use easy language, but occasionally we have chosen moderate vocabulary and grammar to challenge the reader. While we feel anyone at any level can work with these stories, a basic understanding of French would be recommended to achieve the maximum learning effect and pleasure. Our entertaining stories contain European culture and characters. Our stories are fun to read so you maintain concentration and learn from motivation. Please take a look at the free sample.

Customer Reviews

Having just returned from a two week trip to Paris , this was most helpful in helping me renew some of those old brain connections for French. I hadn't really used it for decades and was so pleased with the ease and format in which this book helped You read a short paragraph and directly below it is the English translation . You can go at your own pace. Then the entire short story is presented again in French only. I wish I knew where to find more like this. For anyone who has studied French before, I highly recommend this is if you plan a trip to France. The French people love it when you attempt to communicate with them, even with the niceties of the day.

This is good parallel text. It is easy to read; good for beginner to learn reading French stories. I gave it a 4-star because there is still room for improvement. For instance, the author could provide a list of vocabulary after each paragraph, so the reader could learn the new words in addition to the translated text, thereby extracting maximum benefit.

The stories are charming. The French is pitched well. The translations in English are little off, but it doesn't matter. It is the French that is important. I like that I can read short sections when I have a few minutes. It is useful to read and be exposed to word order and idioms.

I love practicing with parallel text it removes a lot of work looking up words. Some of the translations could use some refinement in this book. For the Kindle price, overall, it's a pretty good value. Subtracting two stars for some avoidable translation errors.

The book will help me with learning French since I have immediate feedback.

It has accurate contemporary French with realisticThe stories are short and the English translations very supportive.

For anyone trying to learn to read and speak French this is a very good book to have in your tools for learning French. I found it very useful and also fun!!!

When trying to become familiar with a new language, every tool available is useful. Add this to your

studies Francais - couldn't hurt, and you might learn a little something. Oui?
