Uh...page 9 is not French. It's in Vietnamese. so random.

I bought this book for my 2-year old daughter to help her learn Portuguese and English. My husband is from Brazil and we want her to speak both languages. This book is perfect because it shows both languages on each item and has more English/Portuguese words than expected. It's perfect for young kids because it's a hard book and the pages can't rip. I am learning the language as well and

this book helps me. I highly recommend this book to anyone wanting to teach their children a different language.

The books in the "My First Bilingual Book (English-Italian)" series have colorful, good quality images, sturdy pages, and the size is relatively small. These are great books for households where both parents don't speak Italian, since they provide the word in both Italian and English. The only downside (for the whole series) is that it's not a story book, it's a dictionary/flashcard style book, so it can sometimes be difficult to hold a baby/toddler's attention with this. With the limited Italian bilingual material out there, I would still highly recommend them. The the "Numbers-Numeri," along withÂ My First Bilingual Book-Colours (English-Italian), are the best in the series as they also show vocabulary for nouns you can count as you teach the numbers.

Appears to be put together with Google Translate. Either that or it is using non-standard German words for things.

This review is for the Somali English book. I love this book it's the perfect size for 14 month old to hold. The Somali English is very accurate the is very nice I will be purchasing more books on different subjects.
