Sisters In The Wilderness: The Lives Of Susanna Moodie And Catherine Parr Traill

Synopsis

Catharine Parr Traill and Susanna Moodie are icons of the Canadian imagination. Yet most of what we know of these two English gentlewomen who spent their adult lives struggling in Britain's harsh and vigorous colony comes from their own self-consciously crafted writings and from other writers' sometimes fanciful depictions of them. But what were the women behind the authorial voices really like? In *Sisters in the Wilderness*, award-winning author Charlotte Gray breathes life into two remarkable and fascinating characters and brings us a vivid picture of life in the backwoods of Upper Canada.

Customer Reviews

I cannot believe that these women are not as well known in Canada as the Bronte's are in the UK and are not part of the high school curriculum's reading list. They are part of Canada's early "literati". These talented literary sister's story is an amazing, touching, even inspiring story of our early pioneering women who faced unbelievable hardship in an unforgiving environment of the backwoods with only the hap hazard support (at least in financial terms) of their husbands. Their struggle gives testament to the early European immigrants who had none of the support enjoyed today and faced a much harsher environment. Their spirit is to be admired by any new Canadian

immigrant and a eye opener for the rest of us.
