Customer Reviews

I appreciate the empress taking out the time to write this and educate others who Wants to learn about Rasta. I'm so happy I read it and even though I am not a Rasta empress but have considered it, I'm thrilled to know that I do all of what she said in this book. So my transition should be easy from this point if I ever consider. I am Already loving this lifestyle, so I am thrilled. Give thanks for this author and book, I enjoyed it and didn't want it to end. I'm going to order her other books. I love

how she added some recipes in the book, this was a special touch. Blessings

As a rasta woman, the simple principle in this book is a great guide to the true livity of the Rastafarian way of life.

very informative

Clear and excellent aid to overstanding life as a Rasta Woman. Embracing this life can be challenging when riddled with questions but this book answers them all

This gave me a deeper overstanding of Rastafari and the Rasta women's role. I also enjoyed making the recipes in the book especially the Jamaican Curried Tofu. Thank you for making such a wonderful book that was easy to overstand. Peace and Blessings

It's amazing how after reading this book so much of it was apart of my life already. I have been doing a lot of these things since I was younger. Great read for any woman wanting to become more of what she already is in life.

Great book

This book was very enjoyable for me. It wasn't that long but it gave a pretty good understand of being a "Rasta Woman". Some history details weren't mentioned but I guess its not the book for that. I actually keep this book in my purse and refer to it from time to time. Pretty good "guide" not so much a book.
