This is a great book if you would like to have a vacation or tour in Warsaw. All you need is actually in this book from the places where to eat to the places you can go to if you would like to experience night life or just take a deep breath, relax and unwind on their parks. This book is almost perfect, I should say; however, it lacks pictures, besides the pictures on the links provided. It would have been better if there are actual pictures and address of the places without the need to click some links, although it's already helpful but we just don't know if we suddenly go offline or there is no internet connection. You know it would really help so that the readers like myself would know if we came to the right place once we are physically there. Besides that, this is an amazing tour guide-on-the-go book.

I want to take my wife to Europe for our anniversary. There are so many places I would really want to visit and more so for her. One of the cities in my bucket list is Warsaw. This Polish capital is rich in culture and history. I bought this book to prepare myself when we travel. The book contains 25 secrets every traveler needs on his or her journey like where to eat, drink and stay. It also has tips about Warsaw's nightlife and where to get good views of the city. The book lists down places to visit like parks, museums and markets. There are also suggestions on day trips, sports

and entertainment. I hope they could include more pictures on the next edition.

This guidebook was so valuable for our recent trip to Warsaw! It provided us with great tips for restaurants as well as provided us with the most ideal times to visit various attractions. Honestly, this is the first time that I will be using a travel book guide coming from an author that is new to me. To my surprise it never disappoint us! The author points out what we should see and what we "might" want to see, giving us a good overview before we embark on an adventure. I'm so glad that I purchased it. Thanks to the author!

This is a great travel guide for Warsaw. The 25 secrets are absolutely best for a traveler to Poland. I pick this book because my cousin went there on their pageant night for Miss Supranational. Amazing! I will be sharing it to her to ask about the place.

A great book to have on your trip to this beautiful city. Lots of information about what to do, where to stay and eat, etc, if you have plan to travel to Warsaw then this book really guide to make your trip more successful. In this book the author described the famous places. Each and everything that's worth visiting in Warsaw has been described in detail here. This book is very helpful and it will tell you a lot of information the on what Warsaw will offer to the tourist

Complete waste of time. If you've never traveled to another country, may be suitable. But these aren't secrets. Just plainly someone's opinion of where to go. It's like getting a restaurant recommendation. That person's good may be your poor. I'd give this one poor.
