Customer Reviews

Ron C. Judd is a Seattle Times outdoors columnist, the author of several guidebooks, including *Camping! Washington*, and a frequent contributor to *Outside* magazine. Born in Duvall, Washington, Ron has been hiking, camping, and fishing in the Evergreen state all his life.

Great guide for the outdoor enthusiast.

This book is awesome we recently did the olympic national forest route and loved using this book it gives detailed info on the spots worth seeing, hiking, lodging and camping along the way and at your destination. It's a great book to keep in your car and on sunday open the book and just drive!

Ron Judd is the outdoor editor at the Seattle Times. His passion, experience, and knowledge of Washington State is captured in this comprehensive yet succinct book. Judd outlines Washington's nine geographical locations. Each section contains all the general information about the areas plus a list of informational numbers. Also included are descriptions and information about what outdoor

type activities can be done, as well as where to eat and sleep in the area after doing them. This book is easy to use and easy to read which makes it a great planning tool for weekends and longer trips. As a new comer to the Pacific Northwest this book comes highly recommended to those still unacquainted with the natural treasures of Washington State.

We find ourselves with multitudes of guide books, but always reach for Ron Judd's book, he makes excellent information fun to read, and not boring, with truth to his words, making his book the best we have found, and the pages bent, and the back almost torn apart, it will continue to be a stalwart in our outdoor adventures. The only thanks we have offered the Author are smiles somewhere on a trail or in a campsite in absolute enjoyment.
