Shattered Lives

Synopsis

"Yes, I am a man known for fucking. I love women, all different types. I love the way it feels when I'm pounding into them. I love hearing them scream my name but most of all I love when they go home." Is how CEO of Maxwell Publishing, Charles Maxwell, thinks. He's never had a woman turn him down. That's until he meets Samantha Clarkson. Samantha Clarkson is a woman who's running from her past. She keeps running until she runs right into Charles Maxwell. She does everything she can to stick to the first lesson she learned; men can't be trusted. Unfortunately, Charles isn't your normal man.

Customer Reviews

Great story

I liked the book when is part 2 coming out

I hate Cliffhangers and I hate when authors don't tell you it's going to be a cliffhanger. Story was good, however editing is needed.

The book abruptly ends mid-scene with no warning. I hate it when authors don't have the decency to let readers know in advance that the book they've purchased is part of a series. As a reader it makes me feel cheated. I won't be back for part two and will be returning this book.

I purchased because it was free and sounded interesting. I was seriously bothered by the lack of proofreading errors -- there were too many to count. The story could have ended, but instead there is a second part. The character of Charles is so vague. He's suppose to be so tough yet he's not handling his father nor his ex girlfriend with any authority. Character development is sorely lacking throughout the book. Sam/Claire is an educated person who has apparently been abused, but choose not to seek any professional treatment. Why? The story is full of too many holes and nothing is really coming together. I don't like cliffhangers so I'm sorry I started this book. I probably won't ever know the end because based on what I've already read I will not purchase next installment.

I gave it a four star because the concept was really good, the execution wasn't bad. I think if the author did a little less telling of the story and alle the readers to experience it with the characters that would have improved the quality tenfold. All and all I still think it was worth the read.

This book was horrible. This book left so many unanswered questions about Samantha and Jackie. We never learn their story. There is a build up for an epic love and it failed miserably. Just when you start to learn a little about what is going on with Samantha the book is over with a To Be Continued. There was a whole lot of fluff about unnecessary things when the author should have used that time to talk about the characters. I understand Authors are into the whole cliffhanger thing to pull their fans back in. But trust me this book will piss you off that you read the entire book for it to end like that in the middle of a scene that was not even that dramatic

I swear I hate cliffhangers but I understand this need a pt2!!! So many question that needs to be answer??? Like why is Charles dad afraid of Lisa dad???? Can say Lisa is witch that needs to be destroy!!!! My hearts goes out to Sam.... And two who is leaving notes on her door??? Is that guy she saw at the club or has her ex husband gotten out of jail???? Can't wait for the conclusion to shattered lives hopefully it won't be too long...
